Additional free benefits

As an Ellipse system owner you are entitled to membership of one of our user clubs. You can enrol directly from our website at www.ellipse.com/en/Join-Ellipse4Physicians or www.ellipse.com/en/Join-Ellipse-4Beauticians.

The password protected user clubs give you exclusive access to a user forum as well as a comprehensive download area. In the user forum you may communicate with your peers among Ellipse users, and Ellipse's clinical experts will take part in the exchange of experience. The download area provides clinical documents such as the Clinical Work Book, relevant clinical articles and case stories that will help you to get the best results from your system. You can also download marketing materials, including high resolution system pictures, before & after photos and patient leaflets in printer ready format.

Increase your clinic's visibility

We would like to help you to find clients by listing

your clinic on our "Clinic locator" and by linking to your website.

All you have to do in return is to place an active link to www.ellipse.com on your own website.

Once you have done so, please send a mail to sales@ellipse.com stating your country, town and postal code, clinic name and your website address. We will then include you in our Clinic Locator list.

See the clinic locator feature on www.ellipse.com/en/Find-an-Ellipse-clinic.

By exchanging links this way you obtain the benefit of more clients in your clinic. Ellipse in return obtains a better ranking on the Internet and hence more traffic to our website.

FIND AN ELLIPSE I²PL & LASER CLINIC NEAR YOU

Below please find a list of links to clinics using Ellipse IPL and laser systems and who are linking to www.ellipse.com on their website. Click on the first letter in your country on the blue index cards (for instance U for UK).
If you are a clinic owner and you wish to appear on this list just insert one or more links to Ellipse's website (www.ellipse.com) on your own site and send an e-mail to sales@ellipse.com stating your country, town and postal code, clinic name and your website address.
